

ABOUT

The Dragon Chamber is not just a Chinese restaurant, but an immersive experience. The one-of-a-kind speakeasy restaurant and bar – hidden behind a ‘kopitiam’ is for guests who are looking for an adventure and an all-round unforgettable dining experience!

THE DISCOVERY

“ENTER THE DRAGON!”

Hidden behind the fridge door of the ‘kopitiam’ cover is a secret tunnel, reminiscent of the back alley lit with neon lights, overhanging cables at the top, vintage posters of icons such as Bruce Lee on the walls, and a old signage reminding us of “The Joy Luck Club” (a 1989 novel about the Chinese-American who started a club playing the Chinese game of mahjong for money while feasting on a variety of foods)

At the end of the tunnel is a red door with the traditional sliding peephole - knock on it 3 times and say the “secret code” to be let in...
